INFORMED CONSENT AND AUTHORIZATION TO TREAT

I understand that my care plan has been designed to stabilize and correct the spine in order to reduce pressure on the nervous system. This is done per the exam and x-ray findings and our clinical experience with the goal of improving overall structure and function. In addition, I understand that my schedule for care may be increased or decreased by the doctor at any time in order to accomplish this goal. It is further understood that if there are any additional costs associated with a change in my care plan, they will be discussed with me prior to my receiving any additional services.

It has been explained to me and I acknowledge that the care plan I wish to participate in imposes two 'situational restrictions' which could cause my care to be suspended or terminated should either one occur. Both have been explained to me and I understand and agree to immediately notify this practice should the following circumstances arise:

In the event I sustain a new injury or have an accident, I realize that I may experience new symptoms and/or a new problem may arise which could impede recovery from my current condition. In such an instance, I recognize that it is important to evaluate any new symptoms to determine how they may affect my current and future health status and assess whether there is a need to modify my current care plan. Once my new symptoms and condition are diagnosed and/or resolved, my care plan will resume.

In the event I decide to interrupt any payment due this office, either because I wish to discontinue my care or for any other reason, I may not resume care without an additional evaluation from my doctor. If I am making monthly payments at that time, it is possible that I will owe money since there may be more services being rendered in the beginning of my care than my monthly payments cover.

Regarding Chiropractic Adjustments, Modalities, and Therapeutic Procedures: I have been advised that chiropractic care, like all forms of health care, holds certain risks. While the risk are most often very minimal; in rare cases, complications such as sprain/strain injuries, irritation of a disc condition, and although rare, minor fractures, and possible stroke, which occurs at a rate between one instance per one million to one per two million, have been associated with chiropractic adjustments.

Treatment objectives as well as the risks associated with chiropractic adjustments and all other procedures provided at Liberation Chiropractic & Wellness P.C. have been explained to me to my satisfaction and I have conveyed my understanding of both to the doctor. After careful consideration, I do hereby consent to treatment by any means, method, and or techniques the doctor deems necessary to treat my condition at any time throughout the entire clinical course of my care.

PAYMENT POLICY AND FINANCIAL AGREEMENT OF UNDERSTANDING

I understand that I am directly and fully responsible to Liberation Chiropractic & Wellness, P.C. for all fees associated with chiropractic care and other services I receive.

I hereby authorize payment to be made directly to Liberation Chiropractic & Wellness, P.C., for all benefits which may be payable under a healthcare plan or from any other collateral sources. I authorize utilization of this application or copies thereof for the purpose of processing claims and effecting payments, and further acknowledge that this assignment of benefits does not in any way relieve me of payment liability and that I will remain financially responsible to Liberation Chiropractic & Wellness, P.C. for any and all services I receive at this office.

INSURANCE PATIENTS: I have been made aware that most insurance plans impose either a visit or dollar limit and/or restrict chiropractic management approaches by covering only a limited number of treatment types and/or techniques, some of which may be used to treat my condition(s) throughout the clinical course of my care. Further, it has been made clear to me that these limitations are not a consideration in formulating care plans, and that the doctor's recommendations are based solely on achieving my personal goals. With this understood and the realization that full insurance reimbursement is unlikely, I agree to follow the doctor's recommendations for care irrespective of my health plan coverage.

In as much as the doctor has discussed the terms of this 'Agreement of Understanding' and I have conveyed my complete understanding of all payment options available to me, I prefer the office to bill my insurance company and await direct provider reimbursement for all covered services. For this consideration, I will provide any and all assistance, including assigning my benefits, in order to ensure proper reimbursement is made directly to Liberation Chiropractic & Wellness PC and its doctors as expeditiously as possible. I further understand that charges for all services have been reviewed with me in advance and those that my insurance does not cover are my responsibility. I further waive any requirement moving forward to sign a "Non-Covered Services Statement" every visit if required by my insurance.

CASH PATIENTS: I would like to participate in the payment simplification program offered at this office to facilitate effortless payment for a certain portion of the cost of services and procedures I have consented to receive over the course my treatment, and to make monthly payments towards my care plan for the course of my treatment. If for any reason I decide to discontinue my care plan, any unused amount I have overpaid will be refunded to me within 30 days of the practice receiving a written statement from me explaining the reasons for my decision.
